Helpful Hints

PEOPLE NEEDED FOR ASSEMBLY: **1-2**
ESTIMATED ASSEMBLY TIME: **1 HOUR**

- Open your item in the area you plan to keep it for less heavy lifting
- Identify, sort and count the parts before attempting assembly
- Compression dowels are tapped in with a hammer
- Slides are labeled with a R (right) and L (left) for proper placement
- Make sure to always face the point on the top of the Cam Lock towards the outer edge
- Use all the nails provided for the back panel and spread them out equally
- Back Panel must be used to make sure your unit is sturdy
- Do NOT use harsh chemicals or abrasive cleaners on this item
- Never push, pull, or drag your furniture

Before You Start

- ✓ Read through each step carefully and follow the proper order
- ✓ Separate and count all your parts and hardware
- ✓ Give yourself enough room for the assembly process
- ✓ Have the following tools: Flat Head Screwdriver, #2 Phillips Head Screwdriver and Hammer
- ✓ Caution: If using a power drill or power screwdriver for screwing, please be aware to slow down and stop when screw is tight. Failure to do so may result in stripping the screw.

Cam Lock Fastening System

This Cam Lock Fastening System will be used throughout the assembly process.

* raw edges are shaded

Step 32

NOTE: This step is just for insert or remove lower drawer if needed.

To Insert Drawer Into Cabinet

- 1) Position anti tip mechanism, as shown.
- 2) Bring ball bearing retainer fully forward, as shown.
- 3) With help of another person, carefully align and insert drawer slide into cabinet slide, guiding the drawer slide between the ball bearing retainer, as shown.
- 4) Push the drawer into cabinet. You may experience a light resistance when pushing the drawer into cabinet but once both slides are properly engaged, drawer should slide in and out smoothly.

NOTE: Do not use excessive force to insert drawer as this may cause the damage to slides.

Ball Bearing Retainer

To Remove Drawer, If Needed

- Pull the drawer fully open so levers are visible.
- Push UP on left side lever and DOWN on right side lever.
- Holding levers in place, pull drawer toward you.

* raw edges are shaded

Step 33

* raw edges are shaded

Maximum Loads

This unit has been designed to support the maximum loads shown. Exceeding these load limits could cause sagging, instability, product collapse, and/or serious injury.

Enjoy your furniture.

Warning: Please make sure that all the objects are removed before moving the assembled unit. The unit must be lifted by more than one person, not dragged or pushed. Failure to do so will cause product damage, instability, product collapse, and/or serious injury.
